

Chapter 14- The Respiratory System Vocabulary List
Regular Anatomy

Section 14.1

Inspiration	Pharynx	Vocal cords	Lungs
Expiration	Oropharynx	Laryngeal prominence	Parietal pleura
Upper respiratory tract	Nasopharynx	Trachea	Visceral pleura
Lower respiratory tract	Laryngopharynx	Primary bronchi	Serous cavity
Nose	Larynx	Bronchioles	Serous fluid
Nasal cavities	Epiglottis	Alveoli	Surface tension
Nasal conchae	Glottis	Surfactant	

Section 14.2

Inspiration	Vital capacity	Alveolar pressure
Expiration	Total lung capacity	Atmospheric pressure
Respiratory volumes	Residual volume	Volume
Tidal volume	Ventilation	Forced expiration
Inspiratory reserve volume	External intercostal muscles	Internal intercostal muscles
Expiratory reserve volume	Diaphragm
